## PERFORMANCE BY BUSINESS SEGMENT

Revenue breakdown by business segment at 31 March 2014 compared with the same period of the last year is as follows:

Figures in EUR/000	Gross revenues			Net revenues			n.s.
	2015	2014	Change	2015	2014	Change	
Studios	1,184	0	1,184	n.s.	1,184	0	1,184
Mobile	11,309	8,082	3,227	39.9%	11,309	8,082	3,227
Publishing	54,878	48,123	6,755	14.0%	52,037	44,734	7,303
Italian Distribution	20,688	44,632	(23,944)	-53.6%	19,356	41,079	(21,723)
Other Projects	199	277	(78)	-28.2%	84	95	(11)
<b>Total Revenues</b>	<b>88,258</b>	<b>101,114</b>	<b>(12,856)</b>	<b>-12.7%</b>	<b>83,970</b>	<b>93,990</b>	<b>(10,020)</b>
							<b>-10.7%</b>

The decrease in consolidated revenues was exclusively due to the negative sales trend of the **Italian Distribution** segment, on the other hand revenues of the **Publishing** and **Mobile** segment increase by 14% and 40% respectively.

Due to the lack of a new cartoon series the **Italian Distribution** segment showed a significant and expected decline in the sales of "Yu-Gi-Oh!" trading cards game. In addition there was a decline in the distribution of videogames in Italy.

Sales in the **Publishing** segment increased 14% to €6.7 million, even without any new product launches in the first nine months of the fiscal year. Sales have been focused on videogames published by the Group in previous years such as PAYDAY2 e Sniper Elite V3.

Sales in the **Mobile** segment at €11.3 million, increased 39.9% equal to €3.2 million. The biggest contribution came from recurring sales generated by the videogame Terraria, confirming its worldwide success, with €9 million revenues reached in the period. Significant growth in sales reached also by the videogame Battle Island, intellectual property entirely owned by the Group following the acquisition of DR Studios, recently launched on Sony PlayStation 4.

The **Studios** segment revenues were at €1,18 million and represents the sales made by the fully owned American developer Pipeworks to external clients, being the revenues generated with Group companies offset in the consolidation process. It is expected that the latter will be predominant in the future.

The table below shows the contribution to the Group's revenues and profit margins in the first nine months of the fiscal year 2014-2015 by segment:

EUR/000	Studios	Mobile	Publishing	Italian Distribution	Other Projects	Holding	Total
Gross Revenues	1,184	11,309	54,878	20,688	199	0	<b>88,258</b>
EBITDA	(968)	2,332	11,952	568	(469)	(3,807)	<b>9,608</b>
EBIT	(1,269)	1,417	11,325	399	(552)	(4,227)	<b>7,093</b>

The reduction of 22.5% in cost of sales and 4.7% in operation costs lead to an EBITDA to increase by €5.1 million to €9.6 million, despite non-recurring expenses of €166 thousand and incremental costs related to the consolidation of the two companies recently acquired, Dr Studio Ltd. and Pipeworks Inc..

EBIT grew by 97% to €3,487 million compared to the same period in the previous year. There was a non-cash impact from the recent acquisitions, specifically the depreciation of intangible assets.

The significant debt reduction and a fall in interest rates, as well as favourable exchange rates, increased the net profit to €5,588 million compared to the €412 thousand of the previous year.

## THE NET FINANCIAL POSITION

**The net financial debts**, at 31 March 2015 were at €11,668 million, reduced by €10,241 million, -47% compared to June 30th, 2014. This includes the effects of the acquisitions of DR Studios Ltd. and Pipeworks Inc. which amounted to €2.7 million.

The reduction of the Net Financial Debts compared to December 31<sup>th</sup>, 2014 has been €5,278 million.

## THE PARENT COMPANY DIGITAL BROS SPA

As at March 31st, 2015, the parent company Digital Bros S.p.A. had realised gross revenues of €20.7 million, a decrease of 47,6% compared to approximately €39.5 million in the same period of the previous fiscal year. EBITDA is negative €2.77 million, slightly worse compared to negative €2.15 million in the same period of the previous fiscal year; EBIT amounted to positive €4.09 million, an increase compared to negative €1.36 million in the same period of fiscal year 2013-2014, thanks to the €6 million dividend distributed by the controlled company Game Entertainment S.r.l. and to the €700 thousand dividend distributed by the controlled company 505 Games France S.a.s. . Net profit at March 31<sup>st</sup>, 2015 amounted to €5.28 million compared to the net loss of €2.1 million as at March 31st, 2014.

## SIGNIFICANT EVENTS OF THE QUARTER

On March 23th, 2015 the parent company Digital Bros S.p.A., through its subsidiary 505 Games, has signed a new agreement with Starbreeze for additional content of PAYDAY 2. The exclusive publishing rights to PAYDAY 2 has been extended in respect of the original term for a further 10 years until 2032. Starbreeze AB, one of Sweden's leading independent game developers, and 505 Games have agreed to extend the original agreement for the franchise PAYDAY 2 to cover an additional 24 months starting April 1, 2015. The agreement covers the additional content of PAYDAY 2 and its expansions on PC and next-gen consoles. The total investment is USD 13.4 million divided across 24 months. In consideration of the existing long term relationship between the two companies, Digital Bros has decided to buy over the counter 3,872,722 of Starbreeze shares (listed on Nasdaq Stockholm First North Premier with the ticker STAR) for a total value of USD 5 million. The purchase will be made in 3 steps (1 April 2015, 1 July 2015 and 1 October 2015). The amount owned by the Group by the final date will be 2.67% of the company, a percentage based on the actual number of outstanding shares.

## SIGNIFICANT EVENTS AFTER THE END OF THE QUARTER

On April 29th, 2015 the Digital Bros Group, through its owned subsidiary 505 Games, has signed a console publishing agreement with Starbreeze for the videogame "Overkill's The Walking Dead". The agreement covers the whole lifetime of the product and the investment will be of USD 10 million. "OVERKILL's The Walking Dead", based on the hugely popular The Walking Dead-series created by Robert Kirkman, is currently under development by OVERKILL – A Starbreeze Studio. The game will deliver a completely new co-op experience to The Walking Dead-universe, exploring new characters and storylines. "OVERKILL's The Walking Dead" will be released on Sony PlayStation 4 and Microsoft Xbox One in 2016.

## FISCAL YEAR OUTLOOK

**PAYDAY2: Crimewave Edition** will be released on both digital and retail markets in June. This is the first videogame version released on next-gen console SonyPlaystation 4 and Microsoft XBox One and this will enable the Group to generate significant revenues and to increase the number of PAYDAY 2 active players by enrolling next-gen console owners.

A slight increase in the trading cards game market is expected in conjunction with the summer season, but also thanks to the broadcasting of the new cartoon series from May.

It is expected the launch of PAYDAY2: Crimewave Edition, together with the trading card game market recovery, will help the Fourth quarter of the year to be the strongest of the entire fiscal year in terms of both revenues and operating margin.

The management believes, after the reduction above the expectations of net debt at the end of the quarter, that the debt will grow at the end of the fiscal year as the effects of both the investments defined with Starbreeze during the quarter (the new agreement for PAYDAY 2 additional contents, the acquisition of "Overkill's the Walking Dead" videogames rights and the Starbreeze ordinary shares first tranche bought) and the investment in net working capital (the launch of PAYDAY2: Crimewave Edition) impact cashflows, following this the trend in decreasing debt will continue in subsequent quarters.
